

Illegal Workers - Statement of Policy

The Purple roofing Company Limited are committed to the compliance with terms of the Immigration, Asylum & Nationality Act 2006, which is designed to prevent illegal working in the UK.

1. SCOPE OF APPLICATION

This policy applies to any new employee, whether on salary, wages, fees or any other form of payment and irrespective of the length or duration of the work.

2. POLICY RULES AND APPLICATION

All Property Contractors staff authorised to offer employment and engage employees in any form of employment must make basic checks on everyone they intend to employ. By checking and copying certain original documents belonging to the potential employee, Guardian can ensure a statutory defence against conviction for employing an illegal worker.

Employment is generally offered in two operational areas:

Site work – to carry out core activities at client’s workplaces and premises.
Office work – to carry out various managerial, supervisory and administrative duties.

2.1 Policy for Site workers

Site workers require defined levels of competence established by the site operative having the necessary levels of education, experience, skills and qualifications to carry out core activities safely and effectively. The policy for recruitment.

Our definition of competence for the selection and employment of site workers is based the presentation to Property Contractors requirements for technical qualifications:

As these qualifications are currently identified with UK educational standards it is unlikely that any non-UK resident would achieve these necessary basic qualifications. European or non-UK vocational qualifications do not meet the requirements of UK Safety requirements and Property Contractors does not recognise them as suitable for employment. Issues associated with the employment of non-UK residents does not apply therefore.

All site workers however will be required to furnish a copy of their UK Passport which will be retained in our records along with other data such as National Insurance information etc.

3.2 Policy for Office and non-site workers

Employment for office and non-site workers is offered to all UK and non UK residents provided they comply with the provisions of the Immigration, Asylum & Nationality Act 2006.

In order to comply with the Act, all applicants are asked to provide one of the original documents from the following list:

- A passport – showing that the person named on the passport is a British citizen, or a citizen of the United Kingdom and Colonies having the right of abode in the UK;
